Section of D St. Closed Until July 30

D Street between Eighth and Tenth streets will be closed until July 30 as off-site work begins on the new Mercado Apartment Complex.

The off-site improvements include new sewer and water lines, new paving, sidewalks and landscaping. Motorists driving through the affected streets are asked to use Perris Boulevard as a detour.

Perris officials broke ground in October on the \$14-million, 60-unit affordable housing complex that will transform the southern end of D Street, bring more people and more commerce Downtown and move forward the renaissance of the main route through the heart of the historic residential and retail district.

Construction work has closed D Street between Eighth and Tenth streets in Perris.
