2. Each Bid must be submitted electronically through the City of Perris Active Bidder Website. **Contractors must be registered with Active Bidder to bid on city projects.** Only sealed electronic bids will be received and evaluated for bid award.
3. Each Bid must be accompanied by a **Bid Bond** (on the required form) payable to the City for **ten percent (10.00%)** ~~one percent (1.00%)~~ **of the total amount of the Bid.** As soon as the Bid prices have been compared, the City will return the Bonds of all except the three lowest responsible Bidders. When the Contract is executed, the bonds of the remaining unsuccessful Bidders will be returned. The Bid Bond of the successful Bidder(s) will be retained until all Contract Documents have been executed and approved, after which it will be returned. A cashier's check, made payable to the City or cash may be used in lieu of a Bid Bond.
4. The City may waive informalities, irregularities or defects or reject any and all Bids. Any Bid may be withdrawn by written request prior to the above-scheduled time for the opening of Bids or authorized postponement thereof with right of resubmitting. The request for withdrawal shall be executed in writing by the Bidder or his duly authorized representative. Any Bid received after the bid time shall not be considered.
5. Bidders must satisfy themselves of the character of the Work to be performed by **Examination of the sites** and review of Benefit Zone Maps and Specifications, including Addenda, if any. After Bids have been submitted, the Bidder shall not assert that there was a misunderstanding concerning the nature of the Work to be done. Bidders are hereby informed that the "List and Map of Landscape Benefit Zones," contained herein, may be used for location of Landscape Benefit Zones only. Map features are approximate, and are not necessarily accurate to surveying or engineering standards. The City of Perris makes no warranty or guarantee as to the content, accuracy, timeliness, or completeness of any of the data provided, and assumes no legal responsibility for the information contained on said map. Any use of the map with respect to accuracy and precision shall be the sole responsibility of the Bidder. After Bids have been submitted, the Bidder shall not assert that there was an inaccuracy on the "Map" resulting in misunderstanding concerning the nature of the Work to be done. **"Benefit Zone Map" shall not be used for the purpose of determining character of the Work to be performed.**
6. The Contract Documents contain the provisions required for the Project. Information obtained from an officer, agent, or employee of the City or any other person shall not affect the risks or obligations assumed by the Contractor or relieve him from fulfilling any of the conditions of the Contract.
7. Bonds and Insurance Certificates must be in the form required by the City (substitutions may be permitted at the City's discretion). The Bond Company must be authorized to do business in the State of California.

8. The Contractor will be required to submit a certificate of insurance and additionally insured endorsement and waiver of subrogation forms which indemnifies the City, and waives all rights of recovery from the City for any damage to any of the work resulting from fire, explosion, vandalism, water, malicious mischief, collapse, riot, aircraft, smoke, or any acts of God, and other occurrences and forms of insurance as required by the City's Risk Management Department.
9. A Payment Bond and a Contract Performance Bond (on the required form), each in the amount of **one hundred percent (100%)** ~~five percent (5%)~~ **of the Contract Price**, with a corporate surety approved by the City, will be required for the faithful performance of the Contract.
10. Progress Payments will be made, less any liquidated damages assessed, to the Contractor in accordance with the provisions of the Specifications and on itemized estimates duly certified and approved by the Agency submitted in accordance therewith, based on labor and materials incorporated into said work during the preceding month by the Contractor.
11. Attorneys-in-fact who sign Bid Bonds or Payment Bonds and Contract Performance Bonds must file with each Bond a certified and effective dated copy of their power of attorney.
12. The party to whom the Contract is awarded will be required to execute the Contract and submit the Payment Bond, Contract Performance Bond, Insurance Certificates and Insurance Endorsements on the required forms within ten (10) calendar days from the date of the Notice of Award. If Bidder fails to execute said Contract and to furnish said Payment Bond, Contract Performance Bond, Insurance Certificates and Insurance Endorsements within ten (10) days from the date of this Notice, said agency will be entitled to consider all your rights arising out of the City's acceptance of your Bid as abandoned and as a forfeiture of your Bid Bond. The City will be entitled to such other rights as may be granted by law.
13. Pursuant to Government Code §4590, the Contractor may substitute equivalent securities for retention amounts, which this Contract requires. However, the City reserves the right to solely determine the adequacy of the securities being proposed by the Contractor and the value of those securities.
14. The Notice of Award shall be accompanied by the necessary Contract, Bond, and Insurance Certificate forms. In case of failure of the Bidder to execute the Contract, the City may, at his option, consider the Bidder in default, in which case the Bid Bond accompanying the proposal shall become the property of the City. Forfeiture of the bid bond, or any deposit in lieu thereof, does not preclude the City from seeking all other remedies provided by law to recover losses sustained as a result of the Contractor's failure to execute a written contract to perform the work at his bid price.
15. The City, within ten (10) days of receipt of acceptable Payment Bond, Contract Performance Bond, Insurance Certificates, and Contract signed by the party to whom the Contract was awarded, shall sign the Contract and return to such party an executed duplicate of the Contract.
16. Notice to Proceed to start construction (mandatory) is for **July 01, 2024**. Should there be reasons why the Notice to Proceed cannot be issued for this date by City, the time may be

extended by the City. If the Notice to Proceed has not been issued within the forty-five (45) day period or within the period mutually agreed upon, the Contractor may terminate the Contract without further liability on the party.

17. The City may make such investigations as it deems necessary to determine the ability of the Bidder to perform the Work, and the Bidder shall furnish to the City all such information and data for this purpose as the City may request. A conditional or qualified Bid will not be accepted.
18. At the sole discretion of the City, Award of the contract, if made, will be made **one (1) lowest and responsible bidder** based upon lowest total of all bid items within Base Bid shown on the NORTH, CENTRAL, and SOUTH Maintenance Area Tables, combined; ~~or will be made to up-to three (3) separate lowest and responsible bidders~~, based upon the lowest total of all bid items shown on the NORTH, CENTRAL, and SOUTH Maintenance Area Tables, combined; and Base Bid Schedules, and is expected **April 9, 2024** ~~February 20, 2024~~. It shall be at the City's sole discretion to determine the sequencing of the award of the geographic areas to either one or two or three for individual bidders, which shall serve the City's best interest.
19. The Contractor shall possess and provide a copy of their Class C-27 license at the time of the contract is awarded and shall be required to maintain said license in good standing throughout the period of contract performance.
20. Contractor must submit, along with their bid, copies of the California Agricultural Pest Control Certificate, for the person(s) of firm performing the work, and copies of certificates for chemical applications.
21. All applicable laws, ordinances, and the rules and regulations of all authorities having jurisdiction over construction of the Project shall apply to the Contract throughout.
22. Each Bidder is responsible for **inspecting the site** and for reading and being thoroughly familiar with the Contract Documents. Failure or omission of any Bidder to do any of the foregoing shall in no way relieve any Bidder for any obligation in respect to his bid.
23. Further, the Bidder agrees to abide by the requirements under Executive Order No. 11246 (Equal Employment Opportunity Clause), as amended, California Labor Code 1410 et. Seq., California Labor Code 1777.6, and implement City regulations concerning equal opportunity for apprentices.
24. All Bidders shall supply the names and address of Subcontractors as set forth in the Bid.
25. Successful Bidder and Subcontractors shall obtain a City Business License prior to commencing any work within City limits. The license can be obtained at 135 North "D" Street, Perris, CA 92570.
26. The Director of the Department of Industrial Relations has ascertained the general prevailing rate of per diem wages and the general rate for holiday and overtime work in the locality in which the work is to be performed for each craft or type of workman needed to execute the contract or work as hereinafter set forth (see Labor Code 1770 et. seq.). Copies of rates are

on file at the offices of the City Clerk of the City of Perris. Copies shall be made available to any interested party upon request. The successful Bidder shall post a copy of such determination at each job site. Attention is called to the fact that not less than the minimum salaries and wages shall be paid on this project by all Contractors and Subcontractors. All contractors and subcontractors who perform work on this project must furnish electronic certified payroll reports directly to the Labor Commissioner (aka Division of Labor Standards Enforcement). Additionally, The successful Bidder shall provide the City with original and copies of certified payroll on forms provided by the Division of Labor Standards Enforcement (213) 897-2905 or other forms approved at the City's discretion.

27. Pursuant to Section 1740 of the California Labor Code, Bidders are notified that the said wage rates shall be subject to modification to comply with revisions in Federal Minimum Wage schedules without necessity of republication.
28. Bidder understands and agrees to hold his original bid prices, without change, for a period of forty-five (45) days from the date bids are opened except to the extent relief is available pursuant to Public Contract Code, Section 5100 et. seq.
29. If the Contract cannot be awarded within a forty-five (45) day period for any reason, Bidder understands and agrees that the time to award may be extended by mutual agreement between the City and each Bidder. Bidder understand and agrees that Bidders electing not to extend their original bids more than forty-five (45) days following a request for extension by the City shall be treated as withdrawing their bid and will not be considered in the final award. The Bidder may withdraw his bid without further liability on the part of either party.
30. To the extent permissible under Federal policy or regulation applicable to this project, the Contractor shall be permitted to substitute securities for any monies withheld by the public agency, pursuant to the provisions of California Public Contracts Code Section 22300.
31. Request for information. Bidder's communication will not receive consideration unless they are on the prescribed forms, and submitted via ACTIVE-BIDDER, and received by the City at least five (5) working days prior to the day bids are due; the City will endeavor to not issue addenda later than two (2) working days preceding the day bids are due.
32. Since time is of the essence, Bidder agrees to commence work under this Contract upon execution of a written Agreement and issuance of Notice To Proceed, on or before the mandatory maintenance start date of **July 01, 2024** and to fully complete all work after this date. Bidder agrees with the City that if the project is not fully completed within said time, he shall pay as liquidated damages the sum of \$500.00 (one thousand dollars) for each consecutive calendar day thereafter until such completion and that this amount shall be presumed to be the amount of damages sustained by City in the event of such a breach by Bidder, as it would be impracticable or extremely difficult to fix the actual damage.
33. **CONTRACTOR LIABLE FOR EMWD NON-COMPLIANCE SETTLEMENT CHARGES OR OTHER EMWD FINES RESULTING FROM CONTRACTOR NEGLIGENCE** – The Contractor is responsible for ensuring that excessive irrigation is not occurring on any Benefit Zone under their care and responsibility and compliance with EMWD Landscape Ordinance 72.22 and subsequent revisions, and EMWD Ordinance 68.2 governing the provisions of recycled water system facilities and services and subsequent revisions. Failure by the Contractor to perform the necessary actions to keep within the monthly EMWD water budget,

or maintain the irrigation system in accordance with said ordinances shall result in the Contractor being liable for any and all Non-Compliance Settlement Charges or other fines levied against the City by EMWD. **Contractor shall not be held liable for City approved landscaping projects that result in water overages.**

34. CONTRACTOR LIABLE FOR LIQUIDATED DAMAGES. Contractor is directed to carefully consider the project Specifications and Payment Requirements included in the Project Specifications, as deductions in pay for damages due to Contractor negligence, as described in the project Specifications; and deductions in pay during the monthly billing cycle during which any of the following failure in performance occurred: 1) performance deficiencies noted in the Landscape Maintenance Performance Field Review Report or required by the project Specifications, 2) claims filed or reasonable evidence indicating probable filing of claims by third parties against the City arising from the performance of the Contractor or any subcontractor under this agreement, 3) maintenance not being performed or completed by the Contractor, 4) EMWD Non-Compliance Settlement Charges **resulting from Contractor negligence**, and 5) **death, decay, or loss of landscaping** from Under-watering (failure to use 70% of allowable water budget).
35. Pursuant to Section 1771.1 of the Labor Code, no contractor or subcontractor shall be qualified to bid on, be listed in a bid proposal (submitted on or after March 1, 2015), or engage in the performance of any contract for public work unless currently registered with the Department of Industrial Relations to perform public work pursuant to Section 1725.5 of the Labor Code. It shall not be a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Sections 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded.
36. No Contractor or subcontractor may be awarded a contract for public work on a public works project (awarded on or after April 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. NOTICE TO ALL BIDDERS

Completion and submittal of all enclosed forms including, but not limited to sheets BF-9 & BF-10 is required and must be included with original bid. Failure to submit the required documents shall be deemed as an incomplete bid and shall not be considered by City as a valid bid.

Measurements which vary from estimated quantities, shall require verification by City, and a written change order will be required prior to payment. For quantities indicated as lump sum, Contractor shall be paid at the Contract per lump sum price indicated, and shall include full compensation for all work and no additional compensation will be allowed thereof.
