**ENGINEER'S REPORT AFFIDAVIT**  
*Establishment of Annual Assessments for the:*

*Maintenance District No. 84-1*

**City of Perris,  
County of Riverside, State of California**

This Report describes the District and relevant zones therein including the improvements, budgets, parcels and assessments to be levied for Fiscal Year 2024/25, as they existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Riverside County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District. The undersigned respectfully submits the enclosed Report as directed by the City Council.

Dated this 11<sup>th</sup> day of June, 2024.

---

JOHN POURKAZEMI  
City Engineer  
**CITY OF PERRIS**  
STATE OF CALIFORNIA

---

MATTHEW SCHENK  
Director Of Finance  
**CITY OF PERRIS**  
STATE OF CALIFORNIA

Filed in the Office of the City Clerk on the 11<sup>th</sup> day of June, 2024. Final approval, confirmation and levy of the annual assessment and all matters in the Engineer's "Report" were made on the 30<sup>th</sup> day of July, 2024 by adoption of Resolution No. \_\_\_\_\_ of the City Council.

---

NANCY SALAZAR  
City Clerk

## **I. OVERVIEW**

---

### **A. INTRODUCTION**

To ensure that vehicles, bicycles and pedestrians move as smoothly, and as safely as possible, street lights and traffic signals are constructed on public streets. These facilities are considered important for public convenience and safety. The City Council (the "Council") previously formed Maintenance District No. 84-1 (the "District") to provide funding for a portion of the expense of the ongoing maintenance and servicing of public street lights and traffic signals within the boundaries of the City of Perris (the "City").

By increasing visibility, illuminated streets prevent accidents, especially pedestrian accidents. The lighting benefit is directly related to safety and property protection and therefore increases the perceived and actual usability and value of residential, commercial and industrial properties.

Traffic signals provide an additional benefit to pedestrians by permitting the crossing of streets that otherwise could not have been crossed safely. Vehicular accidents are reduced by assigning a right of way to conflicting movements of traffic at an intersection. Traffic signals increase the traffic capacity of an intersection while increasing the safety and the efficiency of both pedestrian and vehicular traffic.

### **B. AUTHORITY FOR THE REPORT**

This Report is prepared pursuant to a Resolution of the City Council ordering an Engineer's Report and in compliance with the requirements of Chapter 1, Article 4, Landscaping and Lighting Act of 1972, being Part 2, Division 15, Sections 22500 through 22679 of the Streets and Highways Code, State of California. This report covers the period from July 1, 2024 to June 30, 2025.

This Report includes plans and specifications for the improvements, an estimate of the costs of the improvements, a listing of the proposed assessment against the parcels or lots that benefit from the improvements and a diagram of the assessment district showing the boundary of the District. The Report is hereby presented to the City Council for its review and preliminary approval as presented. Or, preliminarily approved as the City Council may determine it should be modified.

After the Report is preliminarily approved, the City Council may adopt a resolution of intention that describes the improvements, refers to the Report for details of the district, and sets a time and place for a public hearing on the proposed levy of assessments.

As further detailed in the following section, Section II, Description of the District, assessments are levied under this District to provide for the maintenance and servicing of street lights and traffic signals that provide a measure of safety and enhance pedestrian and vehicular ingress and egress to assessed residential, commercial and industrial properties. These facilities were constructed as a condition of approval for, and as a consequence of, the development of the parcels within the District.

The 1972 Act, in Section 22573, states that the "net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements." Details of the formula being used to spread the assessments throughout this District are detailed in Section IV, Method of Assessment.

### **C. PROPOSITION 218**

In November 1996 voters of the State of California passed Proposition 218 that added Article XIII D to the California Constitution requiring new procedures for assessment districts. Article XIII D requires that assessments comply with stated provisions by July 1, 1997, unless an assessment district meets certain exemptions. The exemptions from the procedural and approval requirements are set forth in Section 5 of the Article and include the following:

“(a) Any assessment imposed exclusively to finance the capital costs or maintenance and operation expenses for sidewalks, streets, sewers, water, flood control, drainage systems or vector control.”

Each year the current maximum annual assessment shall be increased by an amount equal to the Southern California Edison rate increase(s) effective in subsequent years as approved by the California State Public Utilities Commission. Said inflation factor included in the Resolution of Intention approved for the levy of assessments prior to the implementation of Proposition 218.

## ***II. DESCRIPTION OF THE DISTRICT***

---

### **A. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT**

As applicable or may be applicable to this District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or construction of standard public lighting facilities.
- The installation or construction of traffic signals.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing street light or traffic signal otherwise authorized pursuant to this section.
- Incidental expenses associated with the improvements include, but are not limited to:
  - The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
  - The costs of printing, advertising, and the publishing, posting and mailing of notices;
  - Compensation payable to the County for collection of assessments;
  - Compensation of any engineer or attorney employed to render services;
  - Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements; and,
  - Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including the repair, removal, or replacement of all or any part of any lighting or traffic signal improvement.

## **B. DESCRIPTION OF IMPROVEMENTS TO BE MAINTAINED AND SERVICED**

Generally, the work to be performed consists of the energy and maintenance costs of approximately 4,379 street lights and 74 traffic signals, all located within the City of Perris. Energy is provided by Southern California Edison (SCE). Rates for energy shall be those authorized by the Public Utilities Commission, State of California.

The street lighting and traffic signal system shall be maintained and serviced to provide standard illumination and traffic control as required by the City Engineer. The majority of street lights are owned by the City of Perris, and the remainder are owned by SCE. The traffic signals are owned and maintained by the City of Perris. Maintenance shall include but not be limited to removal, repair, replacement or relocation of light standards, traffic signals, poles, bulbs, fixtures, circuits and all appurtenances.

The street light improvements are shown on the SCE Street Light Atlas Maps and the City of Perris Streetlight Inventory Map. The traffic signals are shown on the City of Perris Traffic Signal Location Map. Said maps are on file in the City Engineer's Office and are made a part of this report to the same extent as if said documents were attached hereto.

The location of the City's traffic signals, including future signals, is as follows:

1. 4th Street. and "A" Street
2. 4th Street and "C" Street
3. 4th Street and "D" Street
4. 4th Street and "G" Street
5. 4th Street and Navajo Road
  
6. 4th Street and Perris Boulevard
7. 4th Street and Redlands Avenue
8. 4<sup>th</sup> Street and Wilkerson Avenue
9. "A" Street and Highland Vista Way
10. Bonnie Drive and I-215 Southbound
  
11. Case Road and "G" Street
12. Case Road and Ellis Avenue
13. Case Road and Mapes Road/Bonnie Drive
14. Case Road and Murrieta Road
15. Case Road and Perris Crossing
  
16. Ellis Avenue and Redlands Avenue

73. Perris Boulevard and Placentia Avenue
74. Perris Boulevard and Ramona Expressway
75. Perris Boulevard and Rider Street
  
76. Perris Boulevard and San Jacinto Avenue
77. Perris Boulevard and Sinclair Street
78. Perris Boulevard and Spectrum
79. Perris Boulevard and Walnut Avenue (future)
80. Placentia Avenue and Indian Avenue
  
81. Placentia Avenue and E. Frontage Road
82. Ramona Expressway and Bradley Road
83. Ramona Expressway and Evans Road
84. Ramona Expressway and Fair Way and Avalon Parkway
85. Ramona Expressway and Indian Avenue
  
86. Ramona Expressway and Lake Perris Drive
87. Ramona Expressway and Ramona Crossing
88. Ramona Expressway and Redlands Avenue
89. Ramona Expressway and Rider Street
90. Ramona Expressway and Webster Avenue
  
91. Redlands Avenue and Citrus Avenue (future)
92. Redlands Avenue and Dale Street
93. Redlands Avenue and Jarvis Street (future)
94. Redlands Avenue and Markham Street
95. Redlands and Orange Avenues
  
96. Redlands Avenue and Rider III Driveway (future)
97. Redlands and San Jacinto Avenues
98. Rider Street and Avalon Parkway (future)
99. Rider Street and Bradley Road
100. Rider Street and Evans Road
  
101. Rider Street and Redlands Avenue
102. Rider Street and Sherman Road
103. San Jacinto Avenue and "D" Street
104. San Jacinto Avenue and Diana Street
105. Webster Avenue and Markham Street

- 106. Webster Avenue and Nance Street
- 107. West Perry Street and Indian Avenue (future)
- 108. Wilson Avenue and Orange Avenue
- 109. Wilson Avenue and Rider Street

### **III. ESTIMATED COSTS OF IMPROVEMENTS**

---

The District provides funding for the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of the installed street lights and traffic signals. On May 8, 2018 the City Council authorized the approval of several Agreements related to the City’s street lights. The first included the “Equipment Lease/Purchase Agreement with Banc of America Leasing and Capital, LLC intended to provide financing for the purchase and LED retrofit of certain SCE owned LS-1 street lights . The Council also authorized the approval of the “Implementation Agreement Between the Western Riverside Council of Governments (WRCOG) and City of Perris to Implement The Maintenance and Repair Program for Street Lights.” In 2019 the City of Perris completed the purchase of 4,431 street lights from SCE, while SCE maintained ownership of approximately 602 non-sellable poles. Under these purchase and lease agreements, certain services and materials will be required, including furnishing of electric current, processing of Edison contracts and payments, processing of Banc of America contracts and principal and interest payments, processing of WRCOG contracts and payments, processing of traffic signal maintenance contracts and payments, and the maintenance of certain streetlights shown on atlas maps. The tax roll reserve is an advance for a portion of the estimated costs of servicing and maintenance prior to the receipt of tax collections from the County of Riverside. Incidental costs include City administration, engineering and County Collection expenses.

The estimated costs of maintenance and servicing the District improvements are shown on Exhibit A, Costs of Improvements.

It is noted that on or about May 1, 2020, the City of Perris began retrofitting the LS-1 street lights purchased from SCE. The energy cost savings from the conversion of the streetlights may partially offset the costs of this transition from SCE to City ownership.

### **IV. METHOD OF APPORTIONMENT**

---

#### **A. SPECIAL BENEFIT ANALYSIS**

The City of Perris has determined that street lights and traffic signals are an integral part of the quality of life within the City. Through the adoption of policies, resolutions, ordinances and codes, development within the City is subject to the completion of certain standards and conditions of approval.

Maintenance District No. 84-1 was formed by the City of Perris to assure funding in perpetuity for the continued maintenance and servicing of street lights and traffic signals constructed in conjunction with new development. Parcels within the District could not have been approved for development without a funding mechanism that provides for the maintenance of these facilities.

Development within the City is subject to standards established for the spacing, location and type of street light. Traffic studies are completed in order to establish the impact of the development

and the resultant need for traffic control, including the upgrade or installation of traffic signals. With illuminated streets and the controlled orderly circulation of traffic, these facilities convey a benefit to the development.

The operation and maintenance of these facilities are for the express, special benefit of the parcels within the District. In addition to obtaining the City’s approval to develop, the construction and proper maintenance of these facilities enhance ingress and egress to the property, visibility, efficient and safe traffic movement, property protection, and personal safety.

**B. GENERAL BENEFIT ANALYSIS**

In addition to the special benefit received by the parcels within the District, there are incidental general benefits conferred by the improvements. The cost of the general benefit is to be contributed by the City and not assessed to the parcels in the District.

This cost for street lights is equal to the unit cost difference between a Standard Lumen LED light and a High-Output LED light. A Standard Lumen LED light is the standard required on a local street. High-Output LED streetlights provide further illumination in order to service a capacity greater than the local traffic.

The cost of the general benefit provided by the traffic signals is equal to the proportionate share of the total average daily trips (ADTs) that do not originate or depart from the areas within the District. For the purposes of this report, the general benefit share of the total ADTs will be referred to as "pass-through" ADTs.

For example, if the total ADTs for a given street equals 100 and the pass-through ADTs equal 20, then the general benefit cost for the traffic signal(s) on that given street would be 20% of the total yearly cost.

An additional City contribution is to be made for the general benefit's share of the system management expenses. The general benefit's share of the system management expenses is equal to the general benefit's share of the total energy and maintenance costs.

**C. ASSESSMENT METHODOLOGY**

The method of assessment is based on units, with a residential dwelling or condominium equal to one benefit unit. The relationship between residential lots and apartments and commercial/manufacturing has been established at 4.2 residential lots to one acre based on the general density of the City as a whole. Pending the recordation of final maps, the benefit is assessed according to the residential lots or nonresidential acreage within the proposed development.

Land Use	Equivalent Benefit Units
Residential	1 EBU per Unit
Non-Residential	4.2 EBUs per Acre

At the time of street light construction, and as a condition of approval, a payment is made to the City by the developer for the energy and maintenance costs incurred during the initial 18-month period. No parcel or portion thereof is assessed prior to the completion of the initial 18-month period.

Each year, a review is made of newly constructed streets lights to document the energize date. Based on the energize date, parcels are assessed according to the completion of the initial 18-month period.

For example, for this year's levy, no parcel is assessed if the area's street light(s) was energized after October 1, 2023. The following lists the parameters for the completion of the initial 18-month period for the levy of Fiscal Year 2024/25 assessments:

Street Light Energize Date	Percent of EBU Assessed
Prior to January 1, 2023	100%
Between January 1, 2023 and March 31, 2023	75%
Between April 1, 2023 and June 30, 2023	50%
Between July 1, 2023 and September 30, 2023	25%
After October 1, 2023	0%

#### D. ASSESSMENT RATE

The dollar per assessment unit value for Fiscal Year 2024/25 is calculated as follows:

$$\frac{\text{Balance to Assessment}}{\text{Total Units}} = \frac{\$1,006,921.67}{21,296.99} = \$47.28$$

For the specific assessment on each parcel, reference is made to Exhibit C, Fiscal Year 2024/25 Assessment Roll, included herein.

### V. ASSESSMENT ROLL

---

The Assessment Roll stating the net amount to be assessed upon assessable lands within the District for fiscal year 2024/25 is shown in Exhibit C. The information included therein was obtained from the Fiscal Year 2023/24 Secured Roll from the County of Riverside, Office of the Assessor.

Upon approval of the Engineer's Annual Levy Report, and confirmation of the assessments, the assessment information will be submitted to the County Auditor/Controller, and included on the property tax roll in Fiscal Year 2024/25. If the parcels or assessment numbers within the District and referenced in this Report, are re-numbered, re-apportioned or changed by the County Assessor's Office after approval of the Report, the new parcel or assessment numbers with the appropriate assessment amount will be submitted to the County Auditor/Controller. If the parcel change made by the County includes a parcel split, parcel merger or tax status change, the assessment amount submitted on the new parcels or assessment numbers will be based on the method of apportionment and levy amount approved in this Report by the City Council.

## ***VI. DIAGRAM OF DISTRICT***

---

Each lot or parcel within the District is identified by the Riverside County Assessor's parcel number. Reference is made to the Riverside County Assessor's maps for descriptions of the lines and dimensions of each lot or parcel within the District.

The FY 2024/25 Diagram is incorporated herein as Exhibit B.

## EXHIBIT A – COST OF IMPROVEMENTS

### FISCAL YEAR 2024/25 COST ESTIMATE CITY OF PERRIS MAINTENANCE DISTRICT NO. 84-1

Item	Estimated Cost
<b>2024/25 Street Light Costs (see Part I)</b>	<b>\$381,445.44</b>
