**WHEREAS**, pursuant to the Notice Inviting Bids, bids were received, publicly opened, and declared on the date specified in said Notice; and

**WHEREAS**, City did accept the bid of Contractor dated May 28, 2024 (“**Contractor’s Bid**”); and

**NOW, THEREFORE**, in consideration of the mutual covenants herein contained, it is agreed:

1. GENERAL SCOPE OF WORK

- a. Work. Contractor shall furnish all necessary labor, tools, materials, appliances, and equipment for and do the work for the Project (collectively, the “**Work**”). Said Work shall be performed in accordance with (i) all of the Contract Documents incorporated herein, (ii) the bid prices contained in the Contractor’s Bid, and (iii) the instructions of the City Manager or his/her designee (the “**Project Manager**”). By executing this Contract, Contractor warrants that Contractor (i) has thoroughly investigated and considered the scope of Work to be performed, (ii) has carefully considered how the Work should be performed, and (iii) fully understands the facilities, difficulties and restrictions attending performance of the Work under this Contract. If the Work involve work upon any site, Contractor warrants that Contractor has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of the Work hereunder.
- b. Warranty. Contractor warrants all work under the Contract (which for purposes of this Section shall be deemed to include unauthorized work which has not been removed and any non-conforming materials incorporated into the work) to be of

good quality and free from any defective or faulty material and workmanship. Contractor agrees that for a period of one year (or the period of time specified elsewhere in the Contract or in any guarantee or warranty provided by any manufacturer or supplier of equipment or materials incorporated into the work, whichever is later) after the date of final acceptance, Contractor shall within ten (10) days after being notified in writing by the City of any defect in the work or non-conformance of the work to the Contract, commence and prosecute with due diligence all work necessary to fulfill the terms of the warranty at its sole cost and expense. Contractor shall act as soon as requested by the City in response to an emergency. In addition, Contractor shall, at its sole cost and expense, repair, remove and replace any portions of the work (or work of other contractors) damaged by its defective work or which becomes damaged in the course of repairing or replacing defective work. For any work so corrected, Contractor's obligation hereunder to correct defective work shall be reinstated for an additional one year period, commencing with the date of acceptance of such corrected work. Contractor shall perform such tests as the City may require to verify that any corrective actions, including, without limitation, redesign, repairs, and replacements comply with the requirements of the Contract. All costs associated with such corrective actions and testing, including the removal, replacement, and reinstatement of equipment and materials necessary to gain access, shall be the sole responsibility of the Contractor. All warranties and guarantees of subcontractors, suppliers and manufacturers with respect to any portion of the work, whether express or implied, are deemed to be obtained by Contractor for the benefit of the City, regardless of whether or not such warranties and guarantees have been transferred or assigned to the City by separate agreement and Contractor agrees to enforce such warranties and guarantees, if necessary, on behalf of the City. In the event that Contractor fails to perform its obligations under this Section, or under any other warranty or guaranty under this Contract, to the reasonable satisfaction of the City, the City shall have the right to correct and replace any defective or non-conforming work and any work damaged by such work or the replacement or correction thereof at Contractor's sole expense. Contractor shall be obligated to fully reimburse the City for any expenses incurred hereunder upon demand.

- c. Final Acceptance. Acceptance of the Project shall only be by action of the City Manager or his or her designee. Neither the acceptance nor any prior inspections or failure to inspect shall constitute a waiver by City of any defects in the work. From and after acceptance, the Project shall be owned and operated by City. As a condition to acceptance, Contractor shall certify to City in writing that all of the work has been performed in strict conformity with the Contract and that all costs have been paid or supplied to City for security required herein, satisfactory to City, guaranteeing such performance.

2. CONTRACT DOCUMENTS INCORPORATED

This Contract includes and hereby incorporates in full each of the following documents, including all exhibits, drawings, plans and specifications, attachments and addenda thereto (collectively, the "Contract Documents"):

- i. Notice Inviting Bids
- ii. Instructions to Bidders
- iii. Bid Forms
- iv. Contractor's Bid
- v. General Provisions
- vi. Special Provisions
- vii. Technical Specifications
- viii. Project Plans
- ix. Performance and Payment Bonds
- x. All change orders authorized after execution of this Contract.

This Contract is intended to require a complete and finished Project and anything necessary to complete the Work properly and in accordance with the law and lawful governmental regulations shall be performed and supplied by Contractor, whether set out specifically in this Contract or not. Should it be ascertained that any inconsistency exists between the Contract Documents and this Contract, the provisions of this Contract shall control, except as required and specified under law.

3. CONSTRUCTION START AND COMPLETION DATE

a. Start and Completion

The mandatory start construction date shall be the date stipulated in the Notice to Proceed issued by the Project Manager ("**Start Date**"). Contractor shall complete the Project within **75 Calendar Days** from the Start Date ("**Completion Date**"). City and Contractor acknowledge and agree that at the time of execution of this Contract it is impracticable and extremely difficult to fix the actual damages that will be incurred by City if Contractor fails to complete the Project by the Completion Date. Accordingly, City and Contractor agree that liquidated damages in the amount of One Thousand Dollars (\$1,000.00) for each calendar day the Project remains incomplete beyond the Completion Date is a reasonable sum to assess as liquidated damages due to City by reason of the failure of Contractor to complete the Project. City may deduct the amount of liquidated damages from any payment due or that may become due to Contractor under this Contract. Progress payments made after the Completion Date shall not constitute a waiver of liquidated damages.

Contractor's Initials: 

b. Force Majeure

The time period(s) specified in the Contract Documents for performance of the Work

rendered pursuant to this Contract shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Contractor shall within ten (10) days of the commencement of such delay notify the Project Manager in writing of the causes of the delay. The Project Manager shall ascertain the facts and the extent of delay, and extend the time for performing the Work for the period of the enforced delay when and if in the judgment of the Project Manager such delay is justified. The Project Manager's determination shall be final and conclusive upon the Parties to this Contract. In no event shall Contractor be entitled to recover damages against the City for any delay in the performance of this Contract, however caused, Contractor's sole remedy being extension of the Contract pursuant to this Section.

4. INSURANCE AND BONDS

a. Insurance

The Contractor shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Contract including any extension thereof, the following policies of insurance:

- i. Commercial General Liability Insurance. Contractor shall maintain commercial general liability insurance with coverage at least as broad as Insurance Services Office form CG 00 01, in an amount not less than \$2,000,000 per occurrence, \$4,000,000 general aggregate, for bodily injury, personal injury, and property damage. The policy must include contractual liability that has not been amended. Any endorsement restricting standard ISO "insured contract" language will not be accepted. The Product and Completed Operations coverage under the policy shall extend a minimum of three (3) years after completion of the Project. Coverage shall be included on behalf of the insured for covered claims arising out of the actions of independent contractors. If the insured is using subcontractors, the policy must include work performed "by or on behalf" of the insured. The policy shall contain no language that would invalidate or remove the insurer's duty to defend or indemnify for claims or suits expressly excluded from coverage. The policy shall specifically provide for a duty to defend on the part of the insurer.
- ii. Worker's Compensation Insurance. A policy of worker's compensation insurance in such amount as will fully comply with the laws of the State of California and which shall indemnify, insure and provide legal defense for both the Contractor and the City against any loss, claim or damage arising from any injuries or occupational diseases carrying out the work or service contemplated in this Contract. At a minimum, Contractor shall maintain Workers' Compensation Insurance (Statutory Limits) and Employer's Liability Insurance (with limits of at least \$1,000,000).

- iii. Business Automobile Insurance. Contractor shall maintain automobile insurance at least as broad as Insurance Services Office form CA 00 01 covering bodily injury and property damage for all activities of the Contractor arising out of or in connection with Services to be performed under this Contract, including coverage for any owned, hired, non-owned or rented vehicles, in an amount not less than \$1,000,000 combined single limit for each accident.
- iv. Builder's Risk Insurance. Contractor shall maintain Builder's Risk (Course of Construction) insurance utilizing an "All Risk" (Special Perils) coverage form, with limits equal to the completed value of the Project and no coinsurance penalty provisions or provisional limit provisions. The policy must include: (1) coverage for any ensuing loss from faulty workmanship, nonconforming work, omission or deficiency in design or specifications; (2) coverage against machinery accidents and operational testing; (3) coverage for removal of debris, and insuring the buildings, structures, machinery, equipment, materials, facilities, fixtures and all other properties constituting a part of the Project; (4) ordinance or law coverage for contingent rebuilding, demolition, and increased costs of construction; (5) transit coverage (unless insured by the supplier or receiving contractor), with sub-limits sufficient to insure the full replacement value of any key equipment item; (6) ocean marine cargo coverage insuring any Project materials or supplies, if applicable; (7) coverage with sub-limits sufficient to insure the full replacement value of any property or equipment stored either on or off the Project site or any staging area.
- v. Professional Liability Insurance (Errors & Omissions). Contractor shall maintain professional liability insurance that covers the services to be performed in connection with this Contract, in the minimum amount of \$1,000,000 per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Contract and Contractor agrees to maintain continuous coverage through a period no less than three (3) years after completion of the services required by this Contract.
- vi. Pollution Liability Insurance. Contractor shall maintain Environmental Impairment Liability insurance, written on a Contractor's Pollution Liability form or other form acceptable to City providing coverage for liability arising out of sudden, accidental, and gradual pollution and remediation. The policy limit shall be no less than \$1,000,000 per claim and in the aggregate. All activities contemplated in this Contract shall be specifically scheduled on the policy as "covered operations." The policy shall provide coverage for the hauling of waste from the Project site to the final disposal location, including non-owned disposal sites.
- vii. General Insurance Requirements.

- (1) Primary/noncontributing; Waiver of Subrogation. All of the above policies of insurance shall be primary insurance. All insurance coverage maintained or procured pursuant to this Contract shall be endorsed to waive subrogation against City, its officers, employees and agents, and its insurers or shall specifically allow Contractor or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Contractor hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subcontractors.
- (2) Evidence of Insurance. No work or service under this Contract shall commence until the Contractor has provided the City with Certificates of Insurance or appropriate insurance binders evidencing the above insurance coverage and said Certificates of Insurance or binders are approved by the City. In the event any of the above policies of insurance are canceled, the Contractor shall, prior to the cancellation date, submit new evidence of insurance in conformance with this Section to the Project Manager or the Project Manager's designee, as defined in the Contract Documents and incorporated herein.
- (3) Not Limiting. Contractor agrees that the provisions of this Section 3.b(a) shall not be construed as limiting in any way the extent to which the Contractor may be held responsible for the payment of damages to any persons or property resulting from the Contractor's activities or the activities of any person or person for which the Contractor is otherwise responsible.
- (4) Subcontractors. In the event the Contractor subcontracts any portion of the Work pursuant to this Contract, the contract between the Contractor and such subcontractor shall require the subcontractor to maintain the same policies of insurance that the Contractor is required to maintain pursuant to this Section.
- (5) Duration of Coverage. Contractor shall procure and maintain for the duration of this Contract insurance against claims for injuries to persons or damages to property, which may arise from or in connection with the performance of the Work hereunder by Contractor, its agents, representatives, employees or subcontractors.
- (6) City's Rights of Enforcement. In the event any policy of insurance required under this Contract does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Contractor or City will withhold amounts sufficient to pay premium from

Contractor payments. In the alternative, City may cancel this Contract.

- (7) Enforcement of Contract Provisions (non-estoppel). Contractor acknowledges and agrees that any actual or alleged failure on the part of the City to inform Contractor of non-compliance with any requirement imposes no additional obligations on the City nor does it waive any rights hereunder.
- (8) Requirements Not Limiting. Requirements of specific coverage features or limits contained in this Section are not intended as a limitation on coverage, limits or other requirements, or a waiver of any coverage normally provided by any insurance. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue and is not intended by any party or insured to be all inclusive, or to the exclusion of other coverage, or a waiver of any type. If the Contractor maintains higher limits than the minimums shown above, the City requires and shall be entitled to coverage for the higher limits maintained by the Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.
- (9) Notice of Cancellation. Contractor agrees to oblige its insurance agent or broker and insurers to provide to City with a thirty (30) day notice of cancellation (except for nonpayment for which a ten (10) day notice is required) or nonrenewal of coverage for each required coverage.
- (10) Additional Insured Status. General and auto liability policies shall provide or be endorsed to provide that City and its officers, officials, employees, and agents, and volunteers shall be additional insureds under such policies. This provision shall also apply to any excess/umbrella liability policies.
- (11) Prohibition of Undisclosed Coverage Limitations. None of the coverages required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to City and approved of in writing.
- (12) Separation of Insureds. A severability of interests provision must apply for all additional insureds ensuring that Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the insurer's limits of liability. The policy(ies) shall not contain any cross-liability exclusions.

- (13) Pass Through Clause. Contractor agrees to ensure that its subconsultants, subcontractors, and any other party involved with the Project who is brought onto or involved in the project by Contractor, provide the same minimum insurance coverage and endorsements required of Contractor. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Contractor agrees that upon request, all agreements with consultants, subcontractors, and others engaged in the project will be submitted to City for review.
- (14) Agency's Right to Revise Specifications. The City reserves the right at any time during the term of the Contract to change the amounts and types of insurance required by giving the Contractor ninety (90) days advance written notice of such change. If such change results in substantial additional cost to the Contractor, the City and Contractor may renegotiate Contractor's compensation.
- (15) Self-Insured Retentions. Any self-insured retentions must be declared to and approved by City. City reserves the right to require that self-insured retentions be eliminated, lowered, or replaced by a deductible. Self-insurance will not be considered to comply with these specifications unless approved by City.
- (16) Timely Notice of Claims. Contractor shall give City prompt and timely notice of claims made or suits instituted that arise out of or result from Contractor's performance under this Contract, and that involve or may involve coverage under any of the required liability policies.
- (17) Additional Insurance. Contractor shall also procure and maintain, at its own cost and expense, any additional kinds of insurance, which in its own judgment may be necessary for its proper protection and prosecution of the work.

b. Performance and Payment Bonds

Concurrently with execution of this Contract, Contractor shall deliver to the City the following bonds:

- i. Payment Bond. Concurrently with the execution of this Contract, Contractor shall deliver to City a Payment Bond in a sum not less than one hundred percent (100%) of the total Contract Amount which secures payments to persons furnishing labor, subcontractors, and suppliers in the event of default by Contractor. The payment bond shall be unconditional and remain in force during the entire term of the Contract and shall be null and void only if the Contractor completely and faithfully pays all persons

furnishing labor, subcontractors, and suppliers that have been approved in writing to perform in whole or part the services required herein.

- ii. Performance Bond. Concurrently with execution of this Contract, Contractor shall deliver to City a Performance Bond in the sum of not less than one hundred percent (100%) of the total Contract Amount which secures the faithful performance of this Contract, unless such requirement is waived by the Project Manager or the Project Manager's designee. The bond shall be unconditional and remain in force during the entire term of the Contract and shall be null and void only if the Contractor promptly and faithfully performs all terms and conditions of this Contract.

All bonds shall each contain the original notarized signature of an authorized officer of the surety and affixed thereto shall be a certified and current copy of his/her power of attorney. All bonds shall be unconditional and remain in force during the entire term of this Contract. All bonds shall be in substantially the form as provided in **Exhibit "A"**.

City shall release the Payment Bond and the Performance Bond when the following have occurred: (1) Contractor has made a written request for release and provided evidence of satisfaction of all other requirements under this Contract, (2) the work for the Project has been finally accepted by the City, and (3) after passage of the time within which lien claims are required to be made pursuant to applicable laws; if lien claims have been timely filed, City shall hold the Payment Bond until such claims have been resolved, Contractor has provided statutory bond, or otherwise as required by applicable law

- c. Sufficiency of Insurer and Surety

Insurance and bonds required by this Contract shall be satisfactory only if issued by companies qualified to do business in California, rated "A" or higher in the most recent edition of Best's Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or larger, unless otherwise approved by the City's Risk Manager due to unique circumstances. In addition, the insurance carrier must be currently authorized by the Insurance Commissioner to transact business of insurance or be on the List of Approved Surplus Line Insurers issued by the State of California. If the City determines that the work to be performed under this Contract creates an increased or decreased risk of loss to the City, the Contractor agrees that the minimum limits of the insurance policies and the bonds required this Contract may be changed accordingly upon receipt of written notice from the City.

Contractor shall be required to take all actions necessary to enforce such contractual provisions and ensure subcontractor's compliance, including without limitation, conducting a review of the certified payroll records of the subcontractor on a periodic basis or upon becoming aware of the failure of the subcontractor to pay his or her workers the specified prevailing rate of wages. Contractor shall diligently take corrective action to halt or rectify any such failure by any subcontractor.

8. DISCOVERY OF UNKNOWN CONDITIONS

- a. Pursuant to Public Contract Code Section 7104, Contractor shall promptly, and before the following conditions are disturbed, notify the City, in writing, of any: (i) material Contractor believes may be hazardous waste as defined in Section 25117 of the Health & Safety Code required to be removed to a Class I, II, or III disposal site in accordance with existing law; (ii) subsurface or latent physical conditions at the site, materially different from those indicated by information about the site made available to bidders prior to the deadline for submitting bids on the project; or (iii) unknown physical conditions at the site of any unusual nature, different from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this Contract.
- b. City shall promptly investigate the conditions, and if it finds that the conditions do materially differ, or do involve hazardous waste, and cause a decrease or increase in Contractor's cost of, or the time required for, performance of any part of the work, shall issue a change order in accordance with this Contract.
- c. In the event that a dispute arises between City and Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in Contractor's cost of, or time required for, performance of any part of the work, Contractor shall not be excused from any scheduled completion date set, but shall proceed with all work to be performed under the Contract. Contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protests between the contracting parties.

9. UNIDENTIFIED UTILITIES

To the extent required by Government Code Section 4215, City will compensate Contractor for the cost of locating, repairing damage not due to the failure of Contractor to exercise reasonable care, and removing or relocating utility facilities not identified by City in the Contract Documents with reasonable accuracy, and for equipment on the Project

necessarily idled during such work. Nothing herein shall be deemed to require City to indicate the presence of existing service laterals or appurtenances whenever the presence of such utilities on the project site can be inferred from the presence of other visible facilities, such as buildings, meters, and junction boxes, on or adjacent to the site of the construction; provided, however, nothing herein shall relieve City from identifying main or trunklines in the plans and specifications. If Contractor, while performing the work, discovers utility facilities not identified by City in the plans or specifications, Contractor shall immediately notify City and the utility in writing. This Contract is subject to Government Code Sections 4126 through 4216.9. Contractor must notify utilities and obtain an identification number before excavation or be subject to liability for damages to subsurface installations.

10. TRENCH EXCAVATION

Pursuant to Labor Code Section 6705, if this Contract is for more than \$25,000 and requires the excavation of any trench or trenches five feet or more in depth, Contractor shall submit, in advance of such excavation, a detailed plan showing the design of shoring, bracing, sloping, or other provisions to be made for worker protection from the hazard of caving ground during the excavation of such trench or trenches. The plan shall be reviewed and accepted by the City, or a registered civil or structural engineer employed by the City to whom authority has been delegated, prior to the excavation. If the plan varies from the shoring system standards, the plan shall be prepared by a registered civil or structural engineer. This Section shall not be deemed to allow the use of a shoring, sloping, or protective system less effective than that required by the Construction Safety Orders. This Section shall not be construed to impose tort liability on the City or any of its employees. Full compensation for sheeting, shoring, bracing, sloping, and all other provisions required for worker protection shall be considered as included in the contract price shown in the appropriate Bid Item, and no additional compensation will be allowed therefor.

11. NON-DISCRIMINATION

No discrimination shall be made in the employment of persons upon public works because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex of such persons, except as provided in Section 12940 of the Government Code, and every Contractor and subcontractor under Contractor for public works violating this Section is subject to all of the penalties imposed for a violation of Chapter I of the Labor Code in accordance with the provisions and of Section 1735 of said Code.

12. LICENSES, PERMITS, FEES AND ASSESSMENTS

Contractor shall obtain at its sole cost and expense such licenses, permits, registrations, and approvals as may be required by law for the performance of the services required by this Contract. Contractor shall have the sole obligation to pay for any fees, assessments and taxes, plus applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Contractor's performance of the services required by this Contract, and shall indemnify, defend and hold harmless City, its officers, employees or agents of

City, against any such fees, assessments, taxes, penalties or interest levied, assessed or imposed against City hereunder.

13. CONTRACTOR'S LIABILITY; INDEMNIFICATION

a. Non-Liability of City.

City, its elected and appointed officials, officers, agents and employees, shall not be answerable or accountable in any manner for any loss or damage that may happen to the Work or any part thereof, or for any of the materials or other things used or employed in performing the Work, or for injury or damage to any person or persons, either worker, employees of Contractor or his subcontractors or the public, or for damage to adjoining or other property from any cause whatsoever arising out of or in connection with the performance of the Work. Contractor shall be responsible for any damage or injury to any person or property resulting from defects or obstructions or from any cause whatsoever, except the active negligence or willful misconduct of City, its employees, servants, or independent contractors who are directly responsible to City during the progress of the Work, or at any time before its completion and final acceptance.

b. Indemnification.

Contractor shall indemnify, defend with legal counsel approved by City, and hold harmless City, its officers, officials, employees and volunteers (each, an "Indemnitee") from and against all liability, loss, damage, expense, cost (including without limitation reasonable legal counsel fees, expert fees and all other costs and fees of litigation) of every nature arising out of or in connection with Contractor's performance of work under this Contract or its failure to comply with any of its obligations contained in this Contract, except such loss or damage which is caused by the sole or active negligence or willful misconduct of the City. Should conflict of interest principles preclude a single legal counsel from representing both City and Contractor, or should City otherwise find Contractor's legal counsel unacceptable, then Contractor shall reimburse the City its costs of defense, including without limitation reasonable legal counsels fees, expert fees and all other costs and fees of litigation. The Contractor shall promptly pay any final judgment rendered against the City (and its officers, officials, employees and volunteers) with respect to claims determined by a trier of fact to have been the result of the Contractor's negligent, reckless or wrongful performance. It is expressly understood and agreed that the foregoing provisions are intended to be as broad and inclusive as is permitted by the law of the State of California and will survive termination of this Contract.

Contractor obligations under this Section apply regardless of whether or not such claim, charge, damage, demand, action, proceeding, loss, stop notice, cost, expense, judgment, civil fine or penalty, or liability was caused in part or contributed to by an Indemnitee. However, without affecting the rights of City under any provision of this Contract, Contractor shall not be required to indemnify and hold harmless

City for liability attributable to the active negligence of City, provided such active negligence is determined by agreement between the parties or by the findings of a court of competent jurisdiction. In instances where City is shown to have been actively negligent and where City's active negligence accounts for only a percentage of the liability involved, the obligation of Contractor will be for that entire portion or percentage of liability not attributable to the active negligence of City.

14. SUBCONTRACTOR COMPLIANCE

Contractor shall be responsible for ensuring compliance by any subcontractor or lower tier subcontractor under it with this Contract, all State and Federal laws, codes and regulations, and Municipal Ordinances and Regulations of City.

15. THIRD PARTY CLAIM

Contractor shall notify City within 72 hours of the receipt of any third-party claim relating to this Contract.

16. CONTRACT PRICE AND PAYMENT

City shall pay Contractor for furnishing the material and doing the prescribed Work per the unit prices set forth in the Contractor's Bid. Contractor agrees to monthly progress payments as described in the Contract Documents.

No expenditure from the Construction Contingency ("**Contingency**") for any labor, equipment, materials, or any other article or service whatsoever, provided in relation to the Work shall be made without the prior written approval of City. Such expenditures and/or payments from the Contingency shall be made only pursuant to a Change Order signed by both parties. Verbal authorization to proceed with additional work shall not satisfy the requirement for a signed Change Order. No Change Orders combined shall exceed the Contract Amount plus the Contingency. The Contingency is for the sole and exclusive benefit and use of City for adjustments to the Contract Amount. The establishment of the Contingency is not to be construed as a promise, representation, or guarantee of the amount of compensable changes that may occur, which may be substantially more or less than the Contingency. Upon final completion and final payment, any portion of the Contingency that has not been expended by City for compensable changes expressly authorized by Change Order shall not be part of the total Contract Amount and shall not be payable or owed to Contractor.

a. Invoices.

Each month Contractor shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month in a form approved by City's Director of Finance. By submitting an invoice for payment under this Contract, Contractor is certifying compliance with all provisions of this Contract.

All invoices shall include a copy of Contractor's Certified Payroll and proof that

Certified Payroll has been submitted to the Department of Industrial Relations. Contractor shall also submit a list of the prevailing wage rates (including federal prevailing wage rates, if applicable) for all employees and subcontractors providing services under this Contract, as applicable, with Contractor's first invoice. If these rates change at any time during the term of this Contract, Contractor shall submit a new list of rates to the City with its first invoice following the effective date of the rate change.

Upon receipt and approval of an invoice by the City, City shall pay Contractor in a manner consistent with City's normal procedures for handling accounts payable, but not to exceed thirty (30) days from date received by City, unless otherwise directed by the labor compliance officer. Progress payments shall be issued upon successful completion of items listed on the Bid Schedule of Values contained in the Contract Documents, and inspection made by the City, unless otherwise directed by the Project Manager, the Project Manager's designee, or labor compliance officer. Payment to Contractor for work performed pursuant to this Contract shall not be deemed to waive any defects in work performed by Contractor.

b. Retention of Funds.

City will deduct a five percent (5%) retention from all progress payments in accordance with Public Contract Code Sections 22300 and 7201, which are hereby incorporated into this Contract. City shall permit the substitution of securities for any moneys withheld by City to ensure performance under this Contract. The retention held by the City shall be released within sixty (60) days after the date of completion of the work and the Project, as required by Public Contract Code 7107, which is hereby incorporated into this Contract. In the event of a dispute between City and Contractor, City may withhold from the final payment an amount not to exceed one hundred fifty percent (150%) of the disputed amount. The failure of City to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Contractor to insure, indemnify, and protect City as elsewhere provided herein.

17. ADDITIONAL SERVICES

- a. City shall have the right at any time during the performance of the Work, without invalidating this Contract, to order extra work beyond that specified in the General Scope of Work, set forth in Section 1 of this Contract, or make changes to the Work by altering, adding to or deducting from said Work. No such extra work may be undertaken unless a written change order is first given by the Project Manager or the Project Manager's designee to the Contractor, incorporating therein any adjustment in (1) the Contract Amount, and/or (2) the time to perform this Contract, which said adjustments are subject to the written approval of the Contractor ("Change Order(s)"). Written Change Orders shall be made on forms prescribed by the Project Manager in accordance with the Contract Documents. Within ten (10) days after submission to the Project Manager of a Change Order that impacts

the Contract Amount or the time for performance of the Work, the Contractor's representative shall provide the City's representative a written estimate of the effect of the proposed Change Order upon the Contract Amount and the actual cost of services that would be required for the change, which shall include a complete itemized cost breakdown of all labor and material showing actual quantities, hours, unit prices and wage rates and the effect upon time for performance of the work for such Change Order. All Change Orders must be signed by the Contractor and the Project Manager (or his or her designee) prior to commencing the extra work thereunder.

- b. Any increase in compensation of up to ten percent (10%) of the Contract Amount or \$25,000, whichever is less; or any increase in the time to perform of up to one hundred eighty (120) days may be approved by the Project Manager, provided that such increase does not materially affect the Work in a detrimental manner or materially and detrimentally affect the interest of the City. Any greater increases, taken either separately or cumulatively, must be approved by the City Council.
- c. Any adjustment in the Contract Amount for a Change Order must be in accordance with the rates set forth in the Contractor's Bid and the Bid Schedule of Values. If the rates in the Contractor's Bid do not cover the type of work or materials in the Change Order, the cost of such work or materials shall not exceed an amount agreed upon in writing and signed by Contractor and the Project Manager. Contractor is solely responsible for timely performance of the work as changed by written direction. If the cost of the Change Order cannot be agreed upon, the City will pay for actual work of the Change Order that is completed to the satisfaction of the City, as follows:
  - i. Labor: The cost of labor shall be the actual cost for the wages of workers and subcontractors performing the work for the Change Order at the time such work is performed. The use of labor classifications that would increase the cost of such work shall not be permitted.
  - ii. Materials and Equipment: The cost of materials and equipment shall be at cost to Contractor or the lowest current price for which such materials and equipment are reasonably available at the time the work is performed, whichever is lower.
  - iii. Daily Reporting: Contractor must provide a daily report that includes all invoices for labor, materials and equipment costs for the work under the Change Order. The daily report must include the following: (1) list of names of workers, classifications, and hours worked; (2) description and list of quantities of materials used; (3) type of equipment, size, identification number, and hours of operation, including loading and transportation, if applicable; (4) description of other City authorized services and expenditures in such detail as the City may require. Failure to submit a daily report by the close of the next working day may, at the City's sole and absolute discretion, waive the Contractor's rights to payment for the work

performed for that day.

- d. It is expressly understood by Contractor that the provisions of this Section shall not apply to services specifically set forth in the Scope of Work. Contractor hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Work may be more costly or time consuming than Contractor anticipates and that Contractor shall not be entitled to additional compensation therefor. City may in its sole and absolute discretion have similar work done by other contractors. In no event shall Contractor be entitled to recover damages against the City for any delay in the performance of this Contract or the Work, while City seeks estimates from third party contractors to perform additional services.
- e. No claim for an increase in the Contract Amount or time for performance shall be valid unless the procedures established in this Section are followed.

18. RIGHTS, TITLE, INTEREST

Pursuant to California Public Contract Code Section 7103.5(b), in entering into a public works contract or a subcontract to supply goods, services, or materials pursuant to a public works contract, the Contractor or subcontractor offers and agrees to assign to the awarding body all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to the public works contract or the subcontract. This assignment shall be made and become effective at the time the awarding body tenders final payment to the contractor, without further acknowledgment by the parties.

19. DEFECTIVE WORK

City's inspection of the Work and the Project shall not relieve Contractor of any obligations to fulfill this Contract and complete the Project in accordance with the Contract Documents. Defective work and materials shall be made good. Failure of City to identify a defect, or failure of an inspector to reject any portion of the Work, is not acceptance or a waiver of poor workmanship notwithstanding payments or release of any retention in whole or in part, and shall not be construed to waive any of City's rights or remedies under this Contract.

20. TERMINATION

City may terminate this Contract in whole or in part for cause or convenience by giving ten (10) calendar days' written notice to Contractor. Where Contractor's services have been so terminated by City, said termination shall not affect any right or remedy of City against Contractor or the surety, then existing or accrued thereafter.

- a. Termination for Cause

It is City's right to terminate this Contract upon Contractor's failure to comply with the provisions of this Contract, which includes, but not limited to, (1) Contractor's refusal or failure to perform the Work required under this Contract with diligence to ensure substantial completion of the Project by the Completion Date. Termination shall be effective if Contractor does not cure its failure to perform in a manner acceptable to City within ten (10) calendar days of notice of termination; (2) Contractor fails to comply with the provisions of this Contract; (3) Contractor violates any ordinance, regulation, State or Federal Law which applies to its performance under this Contract; (4) Contractor files bankruptcy or otherwise becomes insolvent; (5) Contractor makes a general assignment for the benefit of creditors; (6) a trustee or receiver is appointed for the Contractor or his property; (7) Contractor repeatedly fails to supply sufficient skilled workers or suitable materials or equipment; (8) Contractor has abandoned the Work or the Project, and/or; (9) Contractor disregards proper directives of the architect, inspector, or Project Manager under the Contract Documents. It will be at City's sole discretion to allow Contractor to remedy each cause for the termination without waiving City's right to terminate this Contract or restricting any other right or remedy under this Contract or law.

In the event that this Contract is terminated for cause, City may take over the Work and may exclude Contractor from the Project site. In exercising the right to complete the Project, City, at its sole discretion, may pursue such completion in a manner that is cost effective, timely, and beneficial to City, including but not limited to demanding that the Surety take over and complete the Work. City may demand that the Surety not utilize Contractor in said performance of completing the Work. Upon failure of the Surety to begin completion of the Work, within fifteen (15) calendar days after demand thereof, City may take over the Work and pursue its completion.

Contractor and the Surety shall be liable for damages sustained by City from the termination of this Contract under this clause, including, without limitation all cost necessary for repair and completion of the work.

City shall have the right to withhold monies otherwise payable to Contractor until the Project is complete. If City incurs additional costs, expenses, or other damages due to the failure of Contractor to perform the Work pursuant to this Contract, said expenditures shall be deducted from the amounts withheld. Should there be a balance of monies held after all expenses have been paid, the balance will be paid to Contractor upon completion of the Project.

b. Termination for Convenience

City may terminate this Contract at any time for environmental considerations, its convenience, or when it is in the best interest of City.

Upon such termination, payment to Contractor shall be the actual cost of the Work completed, suitable storage and protection of materials and equipment delivered to

the Project site, but not yet incorporated into the Work, and other costs actually incurred as permitted by this Contract and approved by City up to the effective date of termination. Ten percent (10%) of the actual cost of Work completed shall be allowed for overhead and profit providing that such payments do not exceed the total Contract Amount. The amount of any payments made to Contractor prior to the effective termination date shall be deducted from the actual costs of completed Work. Contractor shall not be entitled to any claim or lien against City for any additional compensation or damages in the event of termination of this Contract.

c. Discontinuation of Work

Upon receipt of the termination notice, Contractor shall immediately discontinue the Work and placement of orders for materials, facilities and supplies in connection with the performance of this Contract, unless otherwise directed in the notice. Contractor shall promptly deliver to City all completed work, including plans, as-builts, forms, reports, and products. Any dispute regarding the amount owed to Contractor shall not diminish the right of City to receive and use such documents or materials.

21. DISPUTE RESOLUTION PROCESS

Section 20104 et seq. of the California Public Contract Code prescribes a process utilizing informal conferences, non-binding judicial-supervised mediation, and judicial arbitration to resolve disputes on construction claims of \$375,000 or less. Section 9204 of the Public Contract Code prescribes a process for negotiation and mediation to resolve disputes on construction claims. The intent of this Section is to implement Sections 20104 et seq. and Section 9204 of the California Public Contract Code. This Section shall be construed to be consistent with said statutes.

For purposes of these procedures, "claim" means a separate demand by the Contractor, after the City has denied Contractor's timely and duly made request for payment for extra work and/or a time extension, for (A) a time extension, (B) payment of money or damages arising from work done by or on behalf of the Contractor pursuant to the Contract and payment of which is not otherwise expressly provided for or the Contractor is not otherwise entitled to, or (C) an amount the payment of which is disputed by the City.

The following requirements apply to all claims to which this Section applies:

- a. Claim Submittal. The claim shall be in writing and include the documents necessary to substantiate the claim. Claims governed by this procedure must be filed on or before the date of final payment. Nothing in this Section is intended to extend the time limit or supersede notice requirements otherwise provided in the Contract for the filing of claims, including all requirements pertaining to compensation or payment for extra work, disputed work, and/or changed conditions. Failure to follow such contractual requirements shall bar any claims or subsequent lawsuits for compensation or payment thereon.
- b. Supporting Documentation. The Contractor shall submit all claims in the following

format:

- i. Summary of the claim, including references to the specific Contract Document provisions upon which the claim is based.
  - ii. List of documents relating to claim: (a) Specifications, (b) Drawings, (c) Clarifications (Requests for Information), (d) Schedules, and (e) Other.
  - iii. Chronology of events and correspondence related to the claim.
  - iv. Statement of grounds for the claim.
  - v. Analysis of the claim's cost, if any.
  - vi. Analysis of the claim's time/schedule impact, if any.
- c. City's Response. Upon receipt of a claim pursuant to this Section, City shall conduct a reasonable review of the claim and, within a period not to exceed 45 days, shall provide the Contractor a written statement identifying what portion of the claim is disputed and what portion is undisputed. Any payment due on an undisputed portion of the claim will be processed and made within 60 days after the City issues its written statement.
- i. If the City needs approval from the City Council to provide the Contractor a written statement identifying the disputed portion and the undisputed portion of the claim, and the City Council does not meet within the 45 days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the City shall have up to three days following the next duly publicly noticed meeting of the City Council after the 45-day period, or extension, expires to provide the Contractor a written statement identifying the disputed portion and the undisputed portion.
  - ii. Within 30 days of receipt of a claim, the City may request in writing additional documentation supporting the claim or relating to defenses or claims the City may have against the Contractor. If additional information is thereafter required, it shall be requested and provided pursuant to this subdivision, upon mutual Contract of City and the Contractor.
  - iii. The City's written response to the claim, as further documented, shall be submitted to the Contractor within 30 days (if the claim is less than \$50,000, within 15 days) after receipt of the further documentation, or within a period of time no greater than that taken by the Contractor in producing the additional information or requested documentation, whichever is greater.
- d. Meet and Confer. If the Contractor disputes the City's written response, or the City fails to respond within the time prescribed, the Contractor may so notify the City, in writing, either within 15 days of receipt of the City's response or within 15 days

of the City's failure to respond within the time prescribed, respectively, and demand an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand, the City shall schedule a meet and confer conference within 30 days for settlement of the dispute.

- e. Mediation. Within 10 business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the City shall provide the Contractor a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within 60 days after the City issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the City and the Contractor sharing the associated costs equally. The City and Contractor shall mutually agree to a mediator within 10 business days after the disputed portion of the claim has been identified in writing, unless the parties agree to select a mediator at a later time.
- i. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator.
  - ii. For purposes of this Section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this Section.
  - iii. Unless otherwise agreed to by the City and the contractor in writing, the mediation conducted pursuant to this Section shall excuse any further obligation under Public Contract Code Section 20104.4 to mediate after litigation has been commenced.
  - iv. All unresolved claims shall be considered jointly in a single mediation, unless a new unrelated claim arises after mediation is completed.
- f. City's Responses. The City's failure to respond to a claim from the Contractor within the time periods described in this Section or to otherwise meet the time requirements of this Section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the City's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this Section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility of qualifications of the Contractor. City's failure to respond shall not waive City's rights to any subsequent procedures for the resolution of disputed claims.

- g. Government Code Claims. If following the mediation, the claim or any portion remains in dispute, the Contractor must comply with the claim procedures set forth in Government Code Section 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, construction claims, and/or changed conditions, including any required mediation, have been followed by Contractor. If no such Government Code claim is submitted, or if the prerequisite contractual requirements are not satisfied, no action against the City may be filed. A Government Code claim must be filed no earlier than the date that Contractor completes all contractual prerequisites to filing a Government Code claim, including any required mediation. A Government Code claim shall be inclusive of all unresolved claims unless a new unrelated claim arises after the Government Code claim is submitted. For purposes of Government Code Section 900 et seq., the running of the period of time within which a claim must be filed shall be tolled from the time the Contractor submits his or her written claim to the City until the time the claim is denied, including any period of time utilized by the meet and confer conference or mediation that does not result in a complete resolution of all claims.
- h. Civil Actions for Claims of \$375,000 or Less. The following procedures are established for all civil actions filed to resolve claims totaling \$375,000 or less:
- i. Within 60 days, but no earlier than 30 days, following the filing or responsive pleadings, the court shall submit the matter to non-binding mediation unless waived by mutual stipulation of both parties or unless mediation was held prior to commencement of the action in accordance with Public Contract Code Section 9204 and the procedures in this Section. The mediation process shall provide for the selection within 15 days by both parties of a disinterested third person as mediator, shall be commenced within 30 days of the submittal, and shall be concluded within 15 days from the commencement of the mediation unless a time requirement is extended upon a good cause showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, either party may petition the court to appoint the mediator.
  - ii. If the matter remains in dispute, the case shall be submitted to judicial arbitration pursuant to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure, notwithstanding Section 1141.11 of that code. The Civil Discovery Act (Title 4 (commencing with Section 2016.010) of Part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration.
  - iii. Upon stipulation of the parties, arbitrators appointed for these purposes shall be experienced in construction law, and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable

hourly rates of pay not to exceed their customary rate, and such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division.

- iv. In addition to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure, any party who after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgment shall, in addition to payment of costs and fees under that chapter, pay the attorney's fees of the other party arising out of the trial de novo.

22. NOTICES

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Project Manager (with her/his name and City title), City of Perris, 101 N. D Street, Perris, CA 92570 and in the case of the Contractor, to the person(s) at the address designated on the execution page of this Contract. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

23. ATTORNEYS' FEES

In the event that any action or proceeding is brought by either party to enforce any term or provision of this Contract, the prevailing party shall recover its reasonable attorney's fees and costs incurred with respect thereto.

24. VENUE; CALIFORNIA LAW

Legal actions concerning any dispute, claim or matter arising out of or in relation to this Contract shall be instituted in the Superior Court of the County of Riverside, State of California, or any other appropriate court in such county, and Contractor agrees to submit to the personal jurisdiction of such court in the event of such action. This Contract shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California.

25. WAIVER

Waiver by any party to this Contract of any term, condition, or covenant of this Contract shall not constitute a waiver of any other term, condition, or covenant. Waiver by any party of any breach of the provisions of this Contract shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Contract. Acceptance by City of any work or services by Contractor shall not constitute a waiver of any of the provisions of this Contract. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or

remedy or be construed as a waiver. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Contract.

26. RIGHTS AND REMEDIES ARE CUMULATIVE

Except with respect to rights and remedies expressly declared to be exclusive in this Contract, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

27. UNFAIR BUSINESS PRACTICES CLAIMS

Pursuant to Public Contract Code Section 7103.5, in entering into this Contract, Contractor offers and agrees to assign to the City all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. § 15) or under the Cartwright Act (Chapter 2, (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services or materials related to this Contract. This assignment shall be made and become effective at the time the City tenders final payment to the Contractor without further acknowledgment by the Parties.

28. UNAUTHORIZED ALIENS

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C. § 1101 et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Contractor so employ such unauthorized aliens for the performance of work and/or services covered by this Contract, and should any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

29. ACCOUNTS, RECORDS, REPORTS, AND RELEASE OF INFORMATION

a. Records.

Contractor shall maintain accounts and records, including personnel, property, and financial records, adequate to identify and account for all costs pertaining to this Contract and such other records as may be deemed necessary by the City to assure proper accounting for all project funds, both federal and non-federal shares. These records will be made available for audit purposes to the City or any authorized representative and will be retained for three (3) years after the expiration of this Contract, unless permission to destroy them is granted by the City. In the event of dissolution of Contractor's business, custody of the books and records may be given to City, and access shall be provided by Contractor's successor in interest. Notwithstanding the above, the Contractor shall fully cooperate with the City in

providing access to the books and records if a public records request is made and disclosure is required by law including but not limited to the California Public Records Act.

b. Ownership of Documents.

All drawings, specifications, maps, designs, photographs, studies, surveys, data, notes, computer files, reports, records, documents and other materials (the "documents and materials") prepared by Contractor, its employees, subcontractors and agents in the performance of this Contract shall be the property of City and shall be delivered to City upon request of the Project Manager or upon the termination of this Contract, and Contractor shall have no claim for further employment or additional compensation as a result of the exercise by City of its full rights of ownership use, reuse, or assignment of the documents and materials hereunder. Any use, reuse or assignment of such completed documents for other projects and/or use of uncompleted documents without specific written authorization by the Contractor will be at the City's sole risk and without liability to Contractor, and Contractor's guarantee and warranties shall not extend to such use, reuse or assignment. Contractor may retain copies of such documents for its own use. Contractor shall have an unrestricted right to use the concepts embodied therein. All subcontractors shall provide for assignment to City of any documents or materials prepared by them, and in the event Contractor fails to secure such assignment, Contractor shall indemnify City for all damages resulting therefrom. Moreover, Contractor with respect to any documents and materials that may qualify as "works made for hire" as defined in 17 U.S.C. § 101, such documents and materials are hereby deemed "works made for hire" for the City.

c. Reports.

Contractor shall periodically prepare and submit to the Project Manager such reports concerning the performance of the services required by this Contract as the Project Manager shall require. Contractor hereby acknowledges that the City is greatly concerned about the cost of work and services to be performed pursuant to this Contract. For this reason, Contractor agrees that if Contractor becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services contemplated herein, Contractor shall promptly notify the Project Manager of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto.

d. Confidentiality and Release of Information.

- i. Information gained or work product produced by Contractor in performance of this Contract shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the Project Manager.

- ii. Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the Project Manager or unless requested by the City Attorney, voluntarily provide documents, declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Contract. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena.
- iii. If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Contract, then City shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorneys' fees, caused by or incurred as a result of Contractor's conduct.
- iv. Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Contract and the work performed there under. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response.

30. NON-LIABILITY OF CITY OFFICERS AND EMPLOYEES

No elected or appointed official, officer, agent or employee of the City shall be personally liable to the Contractor, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Contractor or to its successor, or for breach of any obligation of the terms of this Contract.

31. INTERPRETATION

The terms of this Contract shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Contract or any other rule of construction which might otherwise apply.

32. COUNTERPARTS

This Contract may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

33. INTEGRATION; AMENDMENT

This Contract including the attachments hereto is the entire, complete and exclusive expression of the understanding of the parties. It is understood that there are no oral Contracts between the parties hereto affecting this Contract and this Contract supersedes and cancels any and all previous negotiations, arrangements, Contracts and understandings, if any, between the parties, and none shall be used to interpret this Contract. No amendment to or modification of this Contract shall be valid unless made in writing and approved by the Contractor and by the City Council. The parties agree that this requirement for written modifications cannot be waived and that any attempted waiver shall be void.

34. SEVERABILITY

In the event that any one or more of the phrases, sentences, clauses, paragraphs, or Sections contained in this Contract shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or Sections of this Contract which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Contract meaningless.

35. CONFLICT OF INTEREST

Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Contractor's performance of work under this Contract. Contractor further covenants that in the performance of this Contract, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the Project Manager. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Contract.

No officer or employee of the City shall have any financial interest, direct or indirect, in this Contract nor shall any such officer or employee participate in any decision relating to the Contract which affects his or her financial interest or the financial interest of any corporation, partnership or association in which he or she is, directly or indirectly, interested, in violation of any State statute or regulation. The Contractor warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Contract.

36. WARRANTY & REPRESENTATION OF NON-COLLUSION

No elected or appointed official, officer, agent or employee of City has any financial interest, direct or indirect, in this Contract, nor shall any official, officer, or employee of City participate in any decision relating to this Contract which may affect his/her financial interest or the financial interest of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any State or

municipal statute or regulation. The determination of "financial interest" shall be consistent with State law and shall not include interests found to be "remote" or "noninterests" pursuant to Government Code Sections 1091 or 1091.5. Contractor warrants and represents that it has not paid or given, and will not pay or give, to any third party including, but not limited to, any City elected or appointed official, officer, or employee, any money, consideration, or other thing of value as a result or consequence of obtaining or being awarded any Contract. Contractor further warrants and represents that (s)he/it has not engaged in any act(s), omission(s), or other conduct or collusion that would result in the payment of any money, consideration, or other thing of value to any third party including, but not limited to, any City official, officer, or employee, as a result of consequence of obtaining or being awarded any Contract. Contractor is aware of and understands that any such act(s), omission(s) or other conduct resulting in such payment of money, consideration, or other thing of value will render this Contract void and of no force or effect.

37. AUTHORITY TO EXECUTE

The persons executing this Contract on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Contract on behalf of said party, (iii) by so executing this Contract, such party is formally bound to the provisions of this Contract, and (iv) the entering into this Contract does not violate any provision of any other Contract to which said party is bound.

**IN WITNESS WHEREOF**, the parties hereto have caused this Contract to be duly executed with all the formalities required by law on the respective dates set forth opposite their signatures.
