7.	_____	_____	<u>Insurance</u> : Evidence satisfactory to the Director showing compliance with all insurance requirements, including a minimum \$1,000,000 aggregate general liability policy and a workers compensation liability policy with limits in accordance with State statutory requirements, including employers' liability coverage in the minimum amount of \$1,000,000 in the aggregate (PMC 5.58.070(B)(3)(f)).
8.	_____	_____	<u>Floor Plan</u> : A scaled floor plan for each level of each building that is part of the business site, including the entrances, exits, walls, and operating areas. The floor plan must be professionally prepared by a licensed civil engineer or architect. (PMC 5.58.070(B)(1)(h)).

9. \_\_\_\_\_ Site Plan: A scaled site plan of the business site, including at minimum all buildings structures, driveways, parking lots, landscape areas, and boundaries. The site plan must be professionally prepared by a licensed civil engineer or architect.  
(PMC 5.58.070(B)(1)(i)) (See attached page 15 for site plan information requirements).
10. \_\_\_\_\_ Site Requirements. To the extent not reflected in the site plan or floor plan, documentation reflecting that the site will comply with the following site requirements:
1. Indoor Manufacturing Only. All manufacturing shall occur in a fully enclosed building.
  2. Fire Sprinklers. The site shall be equipped with an automatic fire sprinkler system, in accordance with NPFA 13, California Fire Code (Section 903), and the Perris Municipal Code, with zero (0) square foot requirement.
  3. Visibility. Neither cannabis, cannabis products nor visible exterior evidence of any manufacturing activity, shall be visible from the public right-of-way, the unsecured areas surrounding the buildings on the site, or the site's main entrance and lobby.
  4. Main Entrance and Lobby. The site shall have a building with a main entrance that is clearly visible from the public street or sidewalk. The main entrance shall be maintained clear of barriers, landscaping, and other obstructions. Inside of the main entrance, there shall be a lobby to receive persons into the site and to verify whether they are allowed in the manufacturing areas. Members of the general public shall not be allowed in the manufacturing of wholesale commercial cannabis operation areas except for reasons of lawful business.
  5. Secure Product. All cannabis and cannabis products at the site shall be kept in a secured manner at all times.
  6. Manufacturing Area. All manufacturing areas in any building on the site shall be separated from the main entrance and lobby, and shall be secured by a lock accessible only to employees of the permittee.
  7. Transport Area. Each building with a manufacturing area shall have an area designed for the secure transfer of marijuana from a vehicle to the manufacturing area.
  8. Storage Area. Each building with a manufacturing area shall have adequate storage space for cannabis that has been manufactured or is waiting to be manufactured. The storage areas shall be separated from the main entrance and lobby, and shall be secured by a lock accessible only to employees of the manufacturing permittee.
  9. Restricted Access. The manufacturing site shall be closed to the general public. Minors are prohibited at all times from entering the location of the site.  
(PMC 5.58.126 (G), (L)).
11. \_\_\_\_\_ Business Plan: A business plan reflecting: the management staff's experience and skills relevant to the proposed operation; the applicant's experience and ability to manage the operations of proposed business; the scheduling of work; a cost estimating and budget management plan; a 3-year performance plan; a point of sale and management inventory system of all products; and a track and trace system in accordance with State law requirements.  
(PMC 5.58.070(B)(3)).
12. \_\_\_\_\_ Ownership: A description of the statutory entity or business form that will serve as the legal structure for the applicant, the ownership structure of the applicant as filed with the California Secretary of State (e.g. limited liability company, joint

partnership, S-Corporation) (an applicant that is a foreign corporation shall include in its application the certificate of qualification issued by the Secretary of State of California), and a copy of the entity's formation and organizing documents, including, but not limited to, articles of incorporation, certificate of amendment, statement of information, articles of association, bylaws, partnership agreement, operating agreement, and fictitious business name statement.

(PMC 5.58.070(B)(1)(d)).

13. \_\_\_\_\_ Odor Control Plan: An odor control plan detailing odor control measures in accordance with the following requirements, to the satisfaction of the Director:

A wholesale commercial marijuana manufacturing operation shall have an air treatment system that ensures off-site odors shall not result from its operations. This requirement at a minimum means that the manufacturing operation shall be designed to provide sufficient odor absorbing ventilation and exhaust systems so that any odor generated inside the location of the wholesale commercial marijuana manufacturing operation is not detected outside the building(s), on adjacent properties or public rights-of-way, or within any other unit located within the same building as the wholesale commercial marijuana manufacturing operation, if the use only occupies a portion of a building.

(PMC 5.58.070(B)(1)(c), 5.58.100(C)).

14. \_\_\_\_\_ Security Plan: A security plan detailing measures to the satisfaction of the Director that all applicable security-related requirements under State or local law, including but not limited to the following requirements, are and will be met:

- a. At least one licensed security guard shall be present at the location of the wholesale commercial marijuana operation during all hours of operation. All security guards shall be licensed by and in good standing with the Bureau of Security and Investigative Services of the California Department of Consumer Affairs (BSIS). If any security guard is to be armed with a firearm and/or a baton, then that security guard shall possess at all times a valid and current firearms permit and/or baton permit issued by the BSIS.
- b. Security cameras shall be installed and maintained in good condition, with at least 30 days of digitally recorded documentation in a format approved by the Director and the Police Chief. The camera and recording system must be of adequate quality, color rendition, and resolution to allow the identification of any individual present at the site of the wholesale commercial marijuana operation. The cameras shall be in use 24 hours per day, 7 days per week. The recording system must be capable of exporting the recorded video in standard MPEG formats to another common medium approved by the Director, such as DVD and/or a USB drive. The areas to be covered by the security cameras include, but are not limited to, the storage areas, operation areas, all doors and windows, the parking lot, all exterior sides of the property adjacent to the public rights of way, and any other areas as determined by the Director and Police Chief. Remote log-in information will be provided to the Director and the Police Chief to allow them to view live and recorded security camera images remotely at any time.
- c. The location of the wholesale commercial marijuana manufacturing operation shall be alarmed with a centrally-monitored fire and burglar alarm system, and monitored by an alarm company properly licensed by the State of California Department of Consumer Affairs Bureau of Security and Investigative Services in accordance with Business & Professions Code section 7590 et seq. and whose agents are properly licensed and registered under applicable law.

- d. All entrances to any building housing a wholesale commercial marijuana operation shall be secured against entry from the outside.
- e. All windows on the building that houses the manufacturing operation shall be secured against entry from the outside.

(PMC 5.58.070(B)(1)(b), 5.58.100(B)).

15. \_\_\_\_\_ \_\_\_\_\_ Seller's Permit. The seller's permit number issued by the Board of Equalization or evidence that the applicant has applied for a seller's permit from the Board of Equalization, as applicable. (PMC 5.58.070(B)(1)(e)).

16. \_\_\_\_\_ \_\_\_\_\_ Other Licenses and Permits. Identification of any other licenses or permits for wholesale commercial marijuana operations, whether for the City of Perris or for any other licensing or permitting authority:

- i. held currently by the applicant;
- ii. pending approval for the applicant; or
- iii. denied to, revoked from, or suspended for, the applicant.

(PMC 5.58.070(f)).

Note: No person shall engage in cannabis manufacturing in the City of Perris without both a current and valid City-issued wholesale commercial marijuana manufacturing operation regulatory permit AND a current and valid equivalent state license as provided for under Division 10 of the California Business & Professions Code, as amended. PMC 5.58.126(A). Identify any temporary or annual state license here.

Notwithstanding the foregoing, the Director, in his discretion, may accept this permit application for review while a state license application is pending. If a state license application is pending, identify the type of license applied for, the date the application was submitted, and any other information available to the applicant relating to the status of the application. Upon issuance of any such state license, a copy shall be immediately submitted to the Director for review in connection with this application.

17. \_\_\_\_\_ \_\_\_\_\_ Physical. A general description of the proposed operation, including the street address, parcel number, the total square footage of the site, and the characteristics of the surrounding area.

(PMC 5.58.070(B)(1)(g)).

18. \_\_\_\_\_ \_\_\_\_\_ Sanitation: Written procedures that maintain the highest industry standards of sanitation and cleanliness for the operation so as to ensure the manufacturing of cannabis products free of harmful contaminants. (PMC 5.58.100(F), 5.58.126(H)).

19. \_\_\_\_\_ \_\_\_\_\_ Training: Written procedures that provide for the highest industry standards of training for employees engaged in manufacturing operations.(PMC 5.58.126(I)).

20. \_\_\_\_\_ \_\_\_\_\_ Exterior Lighting. An exterior lighting plan reflecting that the exterior of the premises of the wholesale commercial marijuana manufacturing operation shall be equipped with and, at all times between sunset and sunrise, shall remain illuminated with fixtures of sufficient intensity and number to illuminate every portion of the property with an illumination level of not less than one foot-candle as measured at the ground level, including, but not limited to, landscaped areas, parking lots, driveways, walkways, entry areas, and refuse storage areas.(PMC 5.58.100(M)).

21. \_\_\_\_\_ \_\_\_\_\_ Signage. A signage plan reflecting how the applicant will comply with the following signage restrictions:

A permittee shall display conspicuously in the lobby of the site the following signs,

so that each sign may be readily seen by persons entering the site, and each sign must be at least 8 inches by 10 inches in size:

1. "This site is not open to the public."
2. "Retail sales of any goods and services is prohibited"
3. "Minors are prohibited from entering this site."
4. "Smoking, ingesting, or consuming marijuana on or within 20 feet of this site is prohibited."

Signs on the premises shall not obstruct the entrance or the video surveillance system. The size, location, and design of any signage must conform to the sign provisions in the Perris Municipal Code. Business identification signage shall be limited to that needed for identification only, consisting of a single window sign or wall sign that shall comply with the appropriate sign requirements within the applicable zoning district.

(PMC 5.58.100(J), 5.58.126(K)).

22. \_\_\_\_\_ Description of Manufacturing Processes.

A. For Manufacturer 1 (Type 6) applicants only: Provide a detailed description of the manufacturing process to be used which is limited entirely to being either solventless or which employs only nonflammable, nontoxic solvents that are generally recognized as safe pursuant to the federal Food, Drug and Cosmetic Act (21 U.S.C. Sec. 301 *et seq.*). (PMC 5.58.126(D)).

B. For Manufacturer 2 (Type 7) applicants only: Provide a detailed description of the manufacturing process to be used which is limited entirely to the use of solvents exclusively within a closed loop system that meets all of the following requirements:

1. The system uses only solvents that are generally recognized as safe pursuant to the federal Food, Drug, and Cosmetic Act (21 U.S.C. Sec. 301 *et seq.*).
2. The system is designed to recapture and contain solvents during the manufacturing process, and otherwise prevent the off-gassing of solvents into the ambient atmosphere to mitigate the risks of ignition and explosion during the manufacturing process.
3. A licensed engineer certifies that the system is commercially manufactured, safe for its intended use, and built to codes of recognized and generally accepted good engineering practices, including, but not limited to, the American Society of Mechanical Engineers (ASME), the American National Standards Institute (ANSI), Underwriters Laboratories (UL), the American Society for Testing and Materials (ASTM), or OSHA Nationally Recognized Testing Laboratories (NRTLs).
4. The system has a certification document that contains the signature and stamp of a professional engineer and the serial number of the extraction unit being certified.

(PMC 5.58.126(E)).

23. \_\_\_\_\_ Compliance with Health and Safety Standards. Documentation reflecting that any closed-loop system, other equipment, on-site storage of compressed gases, extraction operation, and other facilities of the proposed wholesale commercial cannabis business all meet or exceed appropriate health and safety standards as determined by the Director, including any applicable fire, safety and building code requirements specified in the California Fire Code, the National Fire Protection Association standards, the International Building Code, the International Fire Code, and any other applicable standards, including all fire, safety and building-related code requirements applicable to processing, handling and storage of solvents or

gasses. (PMC 5.58.126(F)(1)).

Note: Written approval of the Director that any closed-loop system, other equipment used, the on-site storage of compressed gases, the extraction operation, and the manufacturing facilities in general, all meet or exceed the above-referenced standards is a pre-requisite to commencing and continuing operations. (PMC 5.58.126(F)(1)).

24. \_\_\_\_\_ \_\_\_\_\_ Fire Safety Plan. A completed fire safety plan for the proposed wholesale commercial cannabis manufacturing operation. (PMC 5.58.126(F)(2)).

Note: Written approval of the Director of the fire safety plan is a pre-requisite to commencing and continuing operations. An application for renewal of a wholesale commercial cannabis permit for manufacturing shall not be approved until an inspection of the site occurs by the Director which affirms that both the operation remains in compliance with the approved Fire Safety Plan (or an amended Fire Safety Plan as determined by the Director) and that any further actions that need to be taken in the determination of the Director are taken to ensure that all applicable and necessary health and safety requirements are met. (PMC 5.58.126(F)(2)).

25. \_\_\_\_\_ \_\_\_\_\_ Certified Industrial Hygienist Plan. A detailed plan prepared by a certified industrial hygienist (CIH) to ensure that the proposed wholesale commercial cannabis business maintains appropriate health and safety procedures, including, but not limited to, procedures necessary to control hazards, procedures for use of proper protective equipment, product safety procedures, procedures for compliance with Cal OSHA limits, procedures to provide specifications for ventilation controls, and procedures to ensure environmental protections. (PMC 5.58.126(F)(3)).

Note: Approval of the Director as to the CIH plan's compliance with these criteria is a pre-requisite to commencing and continuing operations. The Director shall establish further written requirements for the CIH plan, including but not limited to required inspections by the CIH and a hazardous materials management plan. Upon reasonable determination by the Director, the permittee shall be required to update or amend the approved plan to the satisfaction of the Director. (PMC 5.58.126(F)(3)).

26. \_\_\_\_\_ \_\_\_\_\_ Underwriters Laboratories (UL) Listed Devices. Documentation reflecting that all processing and analytical testing devices used by the proposed wholesale commercial cannabis manufacturing operation, other than processing devices using only non-pressurized water, shall be UL listed, or otherwise approved for the intended use by the Director. (PMC 5.58.126(F)(4)).

27. \_\_\_\_\_ \_\_\_\_\_ Hazardous Materials Disposal Plan. A hazardous materials disposal plan detailing how all hazardous material used, generated or associated with the operation will be disposed of in a manner which is compliant with all local, state and federal guidelines for the disposal of hazardous materials. (PMC 5.58.126(F)(5)).

Note: Approval of the Director as to the hazardous materials disposal plan's compliance with these criteria is a pre-requisite to commencing and continuing operations. (PMC 5.58.126(F)(5)).

28. \_\_\_\_\_ \_\_\_\_\_ Waste Treatment System. A description of the proposed cannabis business' waste treatment system, sufficient to prevent contamination in areas where cannabis or cannabis products may be exposed to such system's waste or waste by-products. (PMC 5.58.126(F)(6)).

Note: Approval of the Director as to the waste treatment system's compliance with these criteria is a pre-requisite to commencing and continuing operations. (PMC 5.58.126(F)(6)).

29. \_\_\_\_\_ Edible Cannabis Products. Documentation reflecting how all cannabis products that the proposed cannabis business manufactures shall be:
1. Not designed to be appealing to children or easily confused with commercially sold candy or foods that do not contain cannabis.
  2. Produced and sold with a standardized concentration of cannabinoids not to exceed 10 milligrams tetrahydrocannabinol (THC) per serving.
  3. Delineated or scored into standardized serving sizes if the cannabis product contains more than one serving and is an edible cannabis product in solid form.
  4. Homogenized to ensure uniform disbursement of cannabinoids throughout the product.
  5. Manufactured and sold under sanitation standards established by the State Department of Public Health, in consultation with the Bureau of Cannabis Control, that are similar to the standards for preparation, storage, handling, and sale of food products.
  6. Provided to customers with sufficient information to enable the informed consumption of the product, including the potential effects of the cannabis product and directions as to how to consume the cannabis product, as necessary.
  7. Marked with a universal symbol, as determined by the State Department of Public Health through regulation.
- (PMC 5.58.126(J)).
