

**RESOLUTION NUMBER 4407**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PERRIS,  
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA, APPROVING  
TENTATIVE PARCEL MAP 35087 (06-0371) SUBJECT TO  
CONDITIONS OF APPROVAL AND MAKING FINDINGS IN SUPPORT  
THEREOF.**

**WHEREAS**, the City of Perris also received an application for Tentative Parcel Map 35087 (06-0371) to subdivide approximately 34.86 acres into two residential parcels with a minimum lot size of 20,000 square feet and an average lot size of 17.43 acres; and

**WHEREAS**, Government Code Section 66473 through 66498 (The Subdivision Map Act) specifies procedures for preparation and approval of a Tentative Parcel Map; and

**WHEREAS**, City of Perris Municipal Code Section 18.6, Parcel Maps, specifies the purpose, requirements, regulations and procedures for preparation and approval of a Tentative Parcel Map; and

**WHEREAS**, an Environmental Impact Report (State Clearinghouse No. 2006011029) was certified by City Council on April 28, 2009 for Tentative Parcel Map 35087 (06-0371); and

**WHEREAS**, on March 16, 2011, the Planning Commission conducted a duly noticed public hearing on the proposed Harvest Landing project including approval of Tentative Parcel Map 35087, considered testimony and materials in the staff report and accompanying documents, and recommended that the City Council approve Tentative Parcel Map 35087; and

**WHEREAS**, a public hearing conducted by the City Council on May 10, 2011 to consider facts as presented in the staff report prepared for this request, and to accept public testimony regarding approval of Tentative Parcel Map 35087; and

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PERRIS** based upon the facts and analysis presented below, the staff report and accompanying attachments, public testimony received and subject to Conditions of Approval, does resolve as follows:

**Section 1.** The above recitals are true and correct.

**Section 2.** Based on the information contained within the staff report, Conditions of Approval, and the accompanying attachments and exhibits, the Planning Commission hereby finds in regard to Tentative Parcel Map 35087 (06-0371) that it: A) Has been processed in accordance with the applicable provisions of the California Government Code and the California Environmental Quality Act (CEQA); B) Consistent with the General Plan Land Use Map and applicable General Plan objectives, policies and programs; C) Physically suitable for the

type and density of development D) Compatible with adjacent land uses; and E) Not detrimental to the public health, safety and welfare:

- A. The City has complied with the California Environmental Quality Act in preparing the Final EIR for the project.
- B. As conditioned, the design of the proposed Tentative Parcel Map will be consistent with the General Plan and Zoning Map, the development standards of the Specific Plan, and other applicable City standards, ordinances, and policies.
- C. The site is physically suitable for the type and density of the proposed development. The land is currently flat and undeveloped. The proposed project conforms to all City requirements regarding density and use.
- D. The proposed Tentative Parcel Map is compatible with the surrounding land uses in the area. As noted above, light industrial uses are located to the north, across Placentia Avenue. The Perris Plaza with theaters, restaurants, and retail uses is immediately to the south, and to the southeast is the proposed Perris Marketplace commercial development. Valley Plaza Doctor's Hospital, several retail centers and residential development (the homes face away from the project site and from Perris Boulevard) are to the east, across Perris Blvd and the Perris Valley Spectrum commercial center is located to the northeast, at the northeast corner of Orange and Barrett. Val Verde Elementary School is adjacent to the northwestern portion of the project site. A mix of uses surrounds the Subject Property and the proposed Specific Plan land use designation/zone also provides for a variety of uses including residential, multiple business use, and parks and open space. Thus, the proposed Master Tentative Tract Map is compatible with the surrounding uses.
- E. The proposed Tentative Parcel Map will not have a negative affect on public health, safety, or general welfare. The Subject Property is appropriately designated for a mix of uses within the Harvest Landing Specific Plan. While the project will attract additional residents and customers, the project consists of improvements to infrastructure and public services and is designed with safety considerations. The improvements will conform to all requirements of the City Police and Fire Departments.

**Section 3.** The City Council hereby approves Tentative Parcel Map 35087 (06-0371) based on the findings listed above.

**Section 4.** The City Council declares that should any provision, section, paragraph, sentence, or word of this Resolution be rendered or declared invalid by any court of competent jurisdiction, or by reason of any preemptive legislation, the remaining provisions, sections, paragraphs, sentences and words of this Resolution shall remain in full force and effect.

**Section 5.** The Mayor shall sign this Resolution and the City Clerk shall certify to the adoption of this Resolution.

**ADOPTED, SIGNED** and **APPROVED** this 10<sup>th</sup> day of May 2011.
