## Advisory to North Perris Water System Customers

The State Water Resources Board issued an advisory Thursday, Nov. 10, that due to a recent water outage/reduction of water pressure residents in a north Perris neighborhood should boil tap water before consuming it.

However, within 24 hours samples taken from the North Perris Water System were determined to be safe to drink without boiling.

For more information, call Donna Anderson, facility supervisor of the North Perris Water System at **951-722-6914**, the State Water Resources Control Board at **619-525-4646** or the Riverside County Department of Health at **951-955-8980**.
